

# QUARTIER DES SPECTACLES

MONTREAL

Press release | For immediate release

## THIS SUMMER, EXPERIENCE THE QUARTIER DES SPECTACLES WITH THE JUST FOR LAUGHS FESTIVAL

**Montreal, Jun 8 2010** – Montrealers and visitors alike will be able to enjoy over 100 days of outdoor events downtown this summer. The Just for Laughs Festival will present nine of these days as part of its Street Arts program, enlivening the urban space of the Quartier des spectacles from July 17 to 25.

The planet's largest comedy festival is taking over the Place des Arts node this year, and will use some of the new outdoor installations that have been designed to meet their needs and drive their ambitions. "For years now, the Just for Laughs Festival has mastered the art of staging events in the street, and this summer they're extending their activities to other urban spaces. As if the 75,000 square feet of the new Place des Festivals weren't enough, Just for Laughs is going to present performances in the air! This new twist will take full advantage of the sheer scale of this marvelous new space in the Quartier des spectacles. We can't wait to see it!" declared Quartier des spectacles Partnership president Charles Lapointe.

The Quartier des spectacles is proud to be a part of the Street Arts program of the Just For Laughs Festival, and wishes everyone a fun and hilarious festival.
